

CONFINED ACCESS

PART NO. 112-21-572-50-K

Hy-Brid Lifts confined access solution is designed to maximize operator safety by providing additional reach above the platform rails to access tight and restricted spaces overhead, like ceiling tiles and other ceiling mounted structures.

KEY FEATURES

- ▶ Safely access restricted areas
- ▶ 18.5 in additional access above platform rails
- ▶ Full height rails on all 4 sides
- ▶ Collapses down to platform railing height to fit through doors
- ▶ Multiple positions for controls
- ▶ Fold up base to increase platform space when not in use
- ▶ 1 person installation
- ▶ Installs and removes in 5 minutes

SPECIFICATIONS
