

PIPE RACK

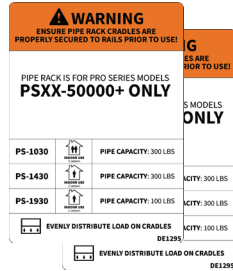

PART NO. 112-21-571-50-K

This easy-to-install pipe rack option helps users safely and securely lift up to 300 pounds of materials while maximizing platform space.

The pipe rack is conveniently designed to sit on the scissor lift's top rails and not be obtrusive to operators.

Indoor use only.

PIPE RACK KIT (112-21-571-50-K)
